

The City of Jasper is accepting sealed bids for **Bid No. 2021-07 Sidewalk Repair and/or Replacement**. Construction activities include, but are not limited to; traffic control, demolition, concrete repair and/or replacement, along existing sidewalks in the City. Contractor will need to be aware of any requirements of working within the rights-of-way of State routes and have the requisite licensing for flagging, etc.

All prices will be inclusive of traffic control, labor, material, tools, equipment, disposal, hauling and mobilization cost. Work will be in various locations throughout the city as identified on the list as provided upon request. Areas of proposed work will be marked for review and reference, and it is expected that the bidder will provide an itemized bid to repair and/or replace the sections as marked and include any additional sections as may be required through qualified experience of repairing/replacing. All streets are to always remain assessable during times of construction operations and work is to be within the rights-of-way.

This is a non-exclusive agreement, and the Contractor is expected to work in conjunction with other City contractors and/or City work forces when required.
