City of Jasper
Request for Qualifications for Professional Engineering Services
RFP #2026-002

Addendum No. 1
Issued November 6, 2026

Questions Received by 3:00PM on Friday, November 6, 2026:

Q – What types of projects does the City anticipate for Site Development and Public Buildings?

A – At this time, the City does not have any specific projects in mind for public buildings. For site development related projects, we do contract out a number of development review activities (stormwater, traffic, utility hydraulics) to aid our Development Department with timely reviews of site plans and architectural/building plans.

Q – Other than the 10 pages allowed in an appendix, is there a page limit for the main proposal content?

A – There is no limit to the main proposal content. The more information we have regarding a firm's strengths and abilities, the better.

Q – Given the Thanksgiving holiday, would the City consider escalating the Q&A deadline to 11-16-26?

A – Yes. The City is happy to provide today's Q&A Addendum. If there are additional questions received by 11-16-26, the City will strive to provide Addendum No. 2 by close of business on 11-18-26. Because of what has been stated in the legal advertisement for this RFQ, there is still a possibility that there will be a 3rd Addendum issued after 11-23-26 at 3:00PM. Please check the City's website at: https://www.jasper-ga.us/notices.htm
